

## Conference of the Society of Biological Systematics 2024 (25<sup>th</sup> Meeting of the GfBS)

Will take place on the Campus Poppelsdorf at the University of Bonn from 26<sup>th</sup> of February to 29<sup>th</sup> of February 2024

This is the first time to have a meeting at a physical place after three years of Corona-caused online meetings. The meeting will be held in tight cooperation with the Taxon-Omics priority program funded by the German Research Foundation (DFG).

The meeting will last two and a half days and end on Thursday at 2 p.m., so that participants still have time to travel home. You find the preliminary schedule below.

We cordially invite you to visit Bonn. In order to keep the meeting affordable especially for graduate and PhD students, we included the conference dinner into the meeting without additional fees (see below).

We hope that we can welcome a large group of participants here in Bonn. The conference will be held at the new lecture hall building on the Campus Poppelsdorf. Registration will open before Christmas via the home page of our Society ([www.gfbs-home.de](http://www.gfbs-home.de)).

We will send out a second circular in January 2024. For now, I am sending you my best Seasonal wishes.

Thomas Bartolomaeus, for the organizers
